

**WISDOM** knows that home schooling and family unity go together. We support the many facets of family life that help parents and children grow spiritually and develop Godly character.

**WISDOM** encourages use of a classical model of education, relying upon both approach and quality of content.

**WISDOM** is available to anyone in Alberta. No matter where you live, you may notify us of your intent to home school. This fulfills your legal requirement under the Alberta Home Education Regulation.

## Home Schooling

*...for Home Schoolers  
by Home Schoolers*

"...for wisdom is better than jewels"

Proverbs 8:11

- ▶ believes nobody can educate a child as effectively as parents, when they are given freedom to do so according to the dictates of their faith, informed conscience, values, and goals
- ▶ is a registered non-profit society with a board of home schooling parents
- ▶ gains direction from its Parent Advisory Council
- ▶ employs home schooling parents as Facilitators
- ▶ offers family camps, workshops, and training
- ▶ offers a variety of paths for the completion of high school at home
- ▶ is committed to family life
- ▶ continually seeks new ways to support parents
- ▶ produces a bi-monthly magazine

**WISDOM** affirms the primacy of parental responsibility for the welfare, socialization, and education of their children.

**WISDOM** exists solely for the purpose of supporting and administering home schooling. All policies support parents as they home educate their children.

Facilitators visit with the parents twice each year to:

- ▶ become your advocate
- ▶ provide support
- ▶ help you fulfill the requirements of the Alberta Home Education Regulation

You are welcome to contact your Facilitator at any time in the year.

Help from the specialists on our team is available year round.

### High School

Math, Physics, Chemistry, and English

### Writing (all levels)

### Special Needs

Support group, consultation, and referrals
